# RESEARCH STATEMENT PRESENTATION

A series of horizontal lines in teal and light blue colors, with varying lengths and offsets, creating a modern, layered effect across the middle of the slide.

# STATEMENT-1

- A study to assess the effectiveness of structured teaching programme on stress management among the students of standard 10<sup>th</sup> in selected school of surat.

# OBJECTIVES:

- To develop the structure teaching programme on stress management.
- To assess the level of knowledge by pre-test score regarding stress management among the students of 10th standard.
- To discuss the source, management of stress and examine the stressors that affect students.
- To assess the knowledge improved after structured teaching by post-test.
- To determine the effectiveness of structured teaching programme on stress management programme among the students of 10th standard.

## STATEMENT-2

- A study to assess the effectiveness of structured teaching programme regarding BSE (breast self examination) among the students of selected college of surat.

# OBJECTIVES

- To develop the structure teaching programme on BSE.
- To assess the level of knowledge by pre-test score regarding the BSE among the students of student.
- To teach the factors associated with the practice of BSE.
- To assess the knowledge improved after structured teaching by post-test.
- To determine the effectiveness of structured teaching programme on BSE among the students of selected college.

## STATEMENT-3

- A study to assess the effectiveness of structured teaching programme regarding menopause and it's management among the women of age group of 45 to 55 years in th selected areas of surat.

# OBJECTIVES

- To develop the structure teaching programme on menopause and it's management.
- To assess the level of knowledge on menopause and it's management among the women of selected areas.
- To discuss the management of menopause and long term changes associated with menopause.
- To assess the knowledge improved after structured teaching by post-test.
- To determine the effectiveness of structured teaching programme on menopause and it's management among the women of selected areas.

## STATEMENT-4

- A study to assess the knowledge regarding menopause among the women of age group of 45 to 55 years in the selected areas of surat.

# OBJECTIVES

- To diagnose the menopause among the women of selected areas.
- To assess the menopause related symptoms and their impact on the women's quality of life.
- To detect the self image after menopause among the women of selected areas.

# STATEMENT-5

- A study to assess the effectiveness of a structured teaching programme on knowledge of CPR(cardio pulmonary resuscitation) among the students of selected college of surat.

# OBJECTIVES

- To develop the structure teaching programme on CPR.
- To assess the level of knowledge on CPR by pre-test among students of selected college.
- To explain the benefits of receiving training regarding CPR and explain the steps of it.
- To assess the knowledge improved after structured teaching by post-test.
- To determine the effectiveness of structured teaching programme on CPR among the students of the selected college.

## STATEMENT-6

- A study to assess the effectiveness of structured teaching programme on knowledge of ovarian cancer among the students of selected college.

# OBJECTIVES

- To develop the structure teaching programme on ovarian cancer.
- To assess the level of knowledge on ovarian cancer by pre-test score among girls of selected college.
- To suggest the common pathways regarding the prevention of ovarian cancer.
- To assess the knowledge improved after structured teaching by post-test.
- To determine the effectiveness of structured teaching programme ovarian cancer among the students of the selected college.
